

OCAIHA / OCASSE

MEMORANDUM OF UNDERSTANDING

Whereas the Orange County Section of the American Industrial Hygiene Association (OCAIHA) and the Orange County Chapter of the American Society of Safety Engineers (OCASSE) represent the community's leading professionals in occupational safety and health, and environmental science; and

Whereas OCAIHA and OCASSE agree to work together in areas and projects of mutual interest in an effort to advance their respective professions, including:

- Determining areas of mutual interest and activity by working through the respective executive boards and designated representatives thereof;
- Seeking opportunities for cooperative effort in the areas of public relations, governmental affairs, safety & health education, research, publications and practice;
- Developing cooperative initiatives of mutual or reciprocal benefit, such as member discounts or publication exchanges;

Be it therefore resolved that OCAIHA and OCASSE pledge to work cooperatively on all matters of mutual interest to reach common goals.
